

Monday, July 19th, 2010, 09:00-12:00 hrs

Misericordia Community Hospital,
Computer Lab#IN-105

The *Covenant Health Research Centre* presents:

“HERO Training Workshop”

This workshop will provide an **overview of the HERO system** and how best to navigate through the application, including:

- Formatting in text boxes
- Internet browser settings
- HERO sandbox
- Recent updates to the system
- Tips for copying and pasting into the application
- Uploading documentation
- Creating templates

Participants will also learn about HREB requirements and what needs to be tracked in regulatory binders. Bring your questions for the Q&A session planned for the end of the session.

This workshop is interactive and will be taking place in a computer lab to accommodate hands-on learning.

There is **no charge** for this workshop.
Continental breakfast will be provided.
To **register** contact Mary-Ann Clarkes at the
Covenant Health Research Centre
735-2274 or email research@covenanthealth.ca

Presented by **Alice Fritch** and **Kim Kordov** of the
Heath Research Ethics Board (HREB) office.
